## "The South 40"
by JAMES A SMITH
EXTENSION AGENT

The 1969 red clover seed crop is the smallest since 1944. Only a quarter of a million pounds was harvested.

"Electro Ag '70" is one of the events farm operators will want to attend this winter. It's to be held at the Richmond Arena January 21-22.

Someone asked why have an "Electro Ag '70". The reason is primarily because of the critical farm labor situation. Most people are predicting that labor problems will intensify in the years ahead.

In 1968, the number of workers on Virginia farms was about 32 per cent below the average for the years 1960-64.

Farm wages are expected to continue their upward trend. Farmers will continue to be faced with critical management decisions in the future. Farm managers need to select equipment and materials handling systems for the most efficient farm production.

* * *

On December 2 and 3 there's to be a Beef Cattlemen's Decision Making Workshop on the VPI Campus.

This program is for a select group of cattlemen – 35 to 50 producers. The cost will be your lodging and food.

If you're interested in attending this event we have programs and registration forms in this office.

Participants will be taken on a first come basis.

* * *

There's a number of cattlemen that should consider a no-tillage method of producing corn.

There's still time to plant rye for sod planting corn next spring.

Some basic questions have been asked about the no-tillage system. We have six years research which should be adequate in the long run (15 to 25 years) it may become necessary to plow.

Let me illustrate. Suppose that under this system of applying lime to the surface an acid layer forms below the 4 inch depth which would inhibit root growth into the soil profile. This action would reduce moisture and nutrient uptake at deeper levels. If this were to happen it would be necessary to use deep plowing, 10 to 12 inches to mix lime with this deep layer.

A farmer can easily determine if this is happening by taking a soil sample from the top 4 inches and another sample at an 8 to 10 inch depth.

## 4-Leaf Spells "Luck"

Most people consider it good fortune to spot a four-leaf clover. But those who find a four-leaf clover with an "IT" on each leaf are even more fortunate.

The well-known symbol of 4-H has served one out of every five adults in the United States. These 27 million alumni and some 3.5 million 4-H boys and girls currently enrolled, provide strong evidence to back the 4-H program. Here in Appomattox, 900 boys and girls have discovered the lucky 4-H clover.

With these young people, 4-H is a way of life. For boys and girls between the ages of 9 and 19, 4-H offers opportunities to develop wholesome character and leadership. The learn to work together and share responsibility. 4-H'ers explore career opportunities while gaining knowledge and skills that be useful throughout life. But perhaps most important of all, 4-H members grow stronger together, learning to be responsible citizens and competent leaders.

## County Offices To Have Census Information

Information about the 1969 Census of Agriculture is expected to be available in all county ASCS offices by December 1, according to J. P. Alvis, Jr., Chairman, Appomattox County Agricultural Stabilization and Conservation Committee.

Chairman Alvis said in late November the Bureau of Census in Washington will send to all county ASCS offices an information packet containing a reference handbook, an introductory letter and a sample questionnaire. Information in the packet will help county office employees answer questions from farmers about the 1969 Agricultural Census.

The Chairman said farmers will receive the 1969 Agricultural Census questionnaire by mail on or about January 1, 1970. The questionnaire should be filled out and mailed back to the Census Bureau not later than February 15.

Chairman Alvis said farmer cooperation in this census is very important because decisions that will lead to improved farm programs must be based on reliable facts and those facts can only be obtained through a nationwide census of all farms and ranches.

He said ASCS is one of the key agencies in the U. S. Department of Agriculture through which information on the 1969 Census of Agriculture will be handled.

### Mrs. Hales' 4-H

## 4-H'ers Win Ribbons & Cash

These young 4-H'ers have made some accomplishments we would like you to know about.

They are: Front row of boys, left to right, Herbert Fleshman, Wayland Ferguson, James Watkins, Jr., Dave Walker, 2nd row girls, left to right, Loretta Walker, Brenda Duiguid,

Herbert, with his demonstration on Dog Care and Training won a blue ribbon at the District Contest at Longwood College and a Scholarship to the VPI 4-H Club Congress. At VPI he won a 2nd place red ribbon, Wayland, James, and Dave showed and sold 21 market hogs at the Junior Hog Show and Sale for $39.00 prize money and the total receipts from their sales was $1650.00.

Brneda Duiguid participated in the "Make-It-With-Wool Contest" and placed first with her garments over other 4-H members from 20 other counties; she will receive an expense paid trip to Staunton, where she will compete for State honors. Brenda also placed in a foods demonstration at Longwood College on the District level.

Loretta Walker has participated in sewing and dress making competition on the District level with ribbons for her efforts. She was selected to attend Conservation Camp at Virginia Beach as an outstanding 4-H member, Loretta also served as Junior Leaders at 4-H Camp at Holiday Lake for Appomattox, Amherst, and Nottoway counties.

### Mrs. Waddell's 4-H

## IN MEMORIAM

In memory of my dear parents Charles Spurgeon Coleman, who passed away, August 12, 1936. Emma Ferguson Coleman, who passed away November 15, 1940.
All these long years you've been gone, I've missed you more than words can tell.
Also in loving memory of my two oldest dearest sisters, Annie B. Coleman, who passed away, Oct. 21, 1909. A beloved sister at the age of 23 years, all loved her that knew her. Also (Nate) Mary Catharine Coleman who left us one year ago, October 22, 1968.
Day by day, the years have passed away,
Since God called you all home.
There's an open gate at the end of the road
Through which each must go alone.
There's a light we cannot see.
Our Father claims His own.
May we live and serve our Master,
Walk the straight and narrow way.
So when life on earth is ended,
We'll meet in Heaven some bright day.
Beyond the gate our loved ones find happiness and rest.
A loving daughter and sister,
Irwin Coleman Moses. 10-23-1p
